Craftsmanship of the highest quality

Only local materials are used for the natural-loungers:
Stone and wood from Austria

Individually

An outdoor lounge made of natural stone and wood according to your ideas: for example with a lighting element made from Pörtschacher Marble

Flexibility:

Suitable for forklift trucks, in modular design, screwed and dismantled in a few minutes, it is durable and almost indestructible

A happy place for your home:

- invites you to linger
- decelerates the moment
- promotes relaxation
- creates a retreat
